**Bin Helal is an Approved Service Vendor for many government and private entities including Saudi Aramco, SEC, MOI, GACA and NWC.**

**The Company is dedicated to serve its customers honestly and with integration. Among other companies in Kingdom of Saudi Arabia, Bin Helal Limited Company is upholding a reputation of providing highly reliable and efficient Commercial, Industrial, Residential and Retail services for Civil, Electrical and Mechanical Disciplines to name few. Due to the hard work of its management and staff, the Company has grown considerably and established itself as one of the leading companies in KSA.**

## VISION

**Our Vision is to strengthen as is name and maintain our construction business, to Uphold its stringent engineering and technological standards, and to aptly respond to the changing complexity of projects and the need of clients to play a major role in the development and success of all industries of Saudi Arabia.**

**Our Slogan " We lead you to a better tomorrow "**

**By the grace of Almighty Allah, we are successful in delivering our projects according to our Slogan and Motto.**

**We at T-Energy believe No Project is too challenging or unique, too big or small. Our goals for every project are the same – Build it safely with highest quality, as per schedule, within allocated budget and with no surprises.**

**Our motto " To serve with dignity "**

# OBJECTIVE

**Bin Helal is committed to provide all its customers with the best products and services through continuous and stringent quality process. We continue to strive for improving our products and services using the very best technology and expertise available & that shall be our continual endeavor to meeting our customer needs.**

**Bin Helal's strategy for sustained quality and growth depends on the development of World-class expertise and project management capabilities to capitalize on the Kingdom's economic growth.**

**We aim at being one of the Major Construction Company in the Kingdom of Saudi Arabia by satisfying our stakeholders and providing the best value for their investment.**

# VALUES

**Ethics** – Uncompromising integrity, honesty and fairness in dealing are the forefront principles of our company.

**Excellence** – We set high standards in applying advanced technology in order to continually innovate and improve through challenges & accomplishment.

**Fair Return** – We earn a return that fairly rewards the value we deliver.

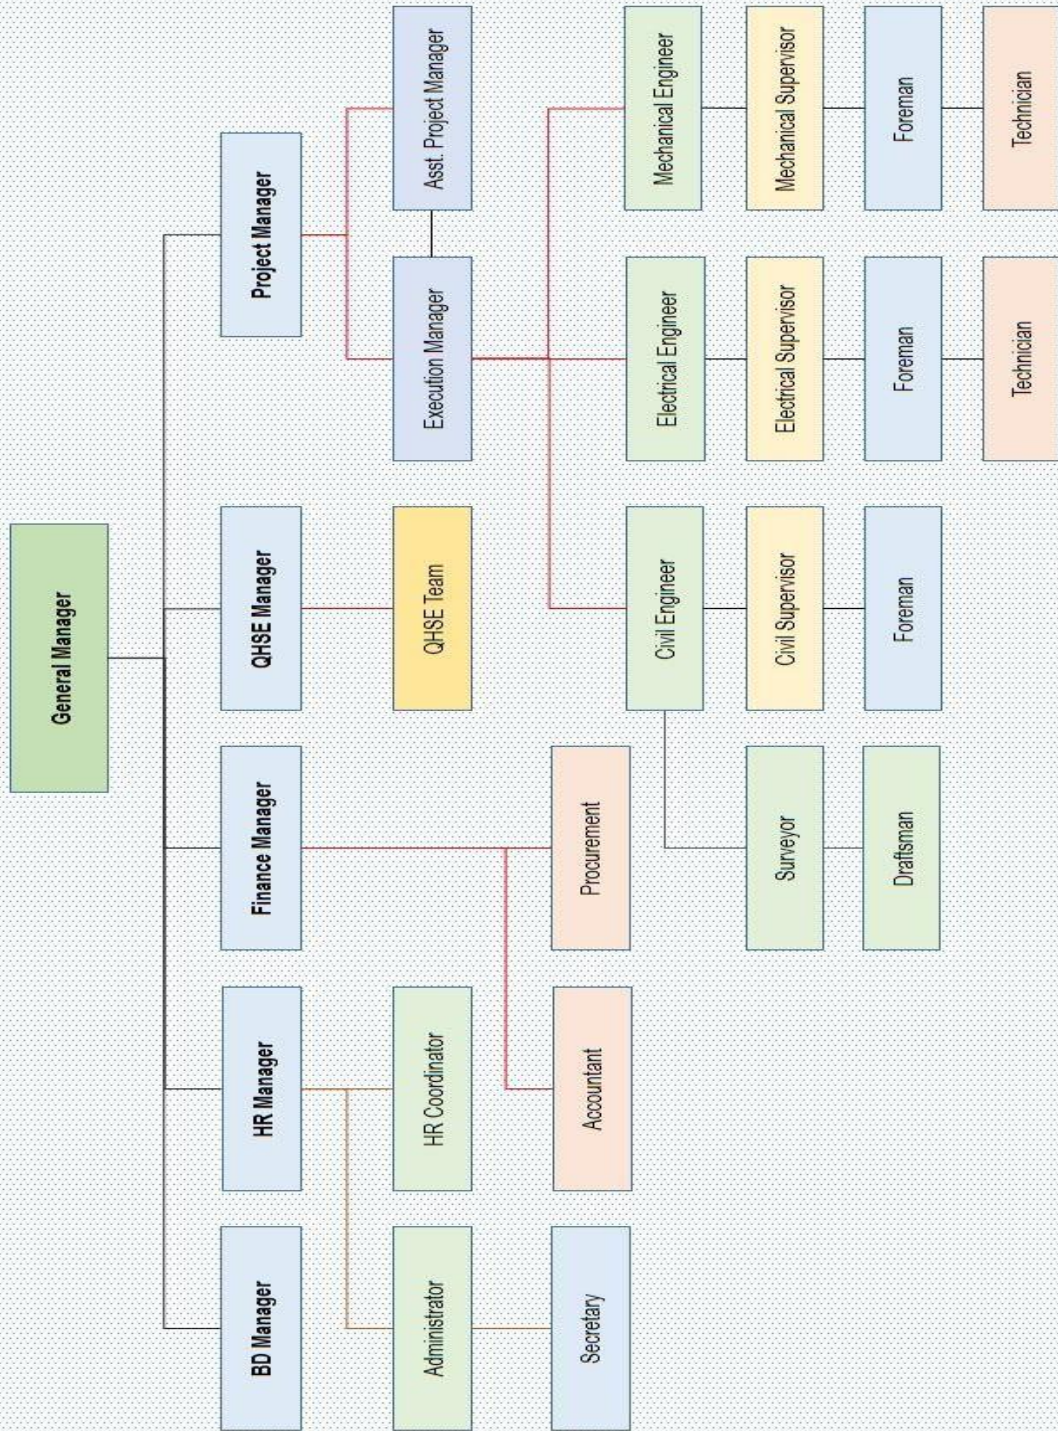

**Mutual Respect** which encourage openness, teamwork and trust – We value inclusive culture based on diverse backgrounds, experience and views.

**Safety** – Zero Accidents is our unwavering goal. People’s lives depend on it.

**Sustainability** – We Plan and act for the future; for the long-term benefits of our Company, Customers and the World.
